
14:00 – 15:30 Session 3 IDF Forum Roundtable: Making a Difference with Dairy

The IDF Forum is the Federation's annual showcase of the value and outcomes that IDF generates for the global dairy sector. Moderated by IDF's President, Dr Judith Bryans, this year's Forum will also cover IDF's Program Work in the four areas of strategic importance – Sustainability, Food Safety, Food Standards and Nutrition.

The IDF Forum will voice the essential role that dairy plays in nourishing the world with safe and sustainable products, protecting the environment, safeguarding consumer health and safety, and facilitating the global trade of milk products while supporting sustainable economic growth.

Opening by the Chair – Dr. Judith Bryans, IDF President

Overview of the IDF work programme – Jean-Marc Delort, Chair of IDF Scientific Programme Coordination Committee

IDF promotes sustainable milk production and processing – Dr. Nico van Belzen, IDF Director General

IDF facilitates dairy trade through standards – Dr. Jaap Evers, IDF Leader Global Standards

IDF highlights the nutritional benefits of dairy – Mary Anne Burkman, IDF SPCC Member on Nutrition
