DAY 2 19 November 2015 r. (Thursday)						
09.00 10.00	Registration	(
		10.00-11.30	Round table: Deep milk production in modern realia Key topics: Complex approach to the development of milk production and processing Quality and safety of milk products, engineering and technical aspects Technical management and standardization of milk raw products processing and milk products production Modern energy saving technologies, equipment and methods of control of milk raw products production Moderator: tbc Invited speakers: Alexander Sirotkin, Head of Department for regulation the Agricultural market, food and processing industry, Ministry of Agriculture of Russia Alexander Antonov, Technical Director, OOO Petro-lyub Representative of OOO GEA Processing Engineering Sergey Baranov, Chief of Russian office of GK Kieselmann Uros Kepic Managing Director at Tetra Pak Russia, Ukraine, Belarus, Central Asia Anatolyi Maximov, Deputy General Director, Vice-President UK OAO Milkom Andrey Yarovoy, Board Member of Meleuzovskyi MKK Dmitry Kharitonov, Director of All-Russia R&D Institute of dairy industry Gavrill Gavrilov, Director of Yaroslavl Satte Institute of raw food and fod products quality Representative of Milk Factory Stavropolskyi Alexander Balushkin, Genaral Director, AO Barnaul Milk Factory Marina Petrova, Dairy market expert Larisa Abdullayeva, Head of the Group			
			standardization RSPMO			
11:30 12:30	Coffee-break					
	Round table:		Round table:			

12.30-14.00 Milk industry supply chain optimization: from raw milk producer to a ready product on store shelves

Key topics:

- Dairy logistics trends or logistics as a source of competitive advantage
- How to manage the supply chains to ensure the consumer has access to a variety of fresh and quality local products at a reasonable price?
- How to minimize risks and losses in dairy logistics?
- Particularities of supply chains management for dairy factories under the crisis conditions or why do supermarkets shorten their supply chains?
- Logistics and supply chain management based on demand
- How the program solutions simplify supply chain management

Moderator: Irysbek Tashbayev, Candidate of Medical Sciences, Deputy Chairman of Logistics Coordinating Committee, Head of Training Center at "STS Logistics"

Invited speakers:

Sergei Noskov, Head of Department for Milk supply FrieslandCampina Russia

Andrey Karpov, Executive Director, association of the Retail companies (AKORT)

Taras Kozhanov, Director, OOO Lukoz Saba

Andrey Mamaev, OOO Komos Liogistika

Jacques Fornengo, Director for Logistics, Auchan Russia
Eva Yankoviak, Head of food products procurement department of METRO cash & carry Russia
Dmitry Vostrikov Director of Development Rusprodsoyuz
Dmitry Pavlov Supply Chain and Purchasing Director at Ehrmann
Artem Belov, CEO, Soyuzmoloko

12.30-14.00 Human resources in dairy industry: where to find human resources, how to manage and keep them

Key topics:

- State, educational organizations and business interaction: how to achieve efficient collaboration and that educational system meets current requirements?
- What should be the decisions to optimize personnel training?
- How to keep valuable and talented employees?
- How to raise attractiveness of technical professions?
- Mechanisms of realization of supplementary technical education programs, corporate universities for staff training

Moderator:

Metelkova Elena Director of the Department of science and technology policy and education

Invited speakers:

Nadezhda Prokopchuk, HR Director, Agro-industrial group "Molochniy product" Alexandr Philiptsov, HR Deputy General Manager of ZAO (CJSC) "Mosvest" Yuriy Stepkin, HR Deputy General Manager of Agricultural holding "Ravis" Timiryazev K.A. Russian State Agricultural University (Timiryazev K. A. Moscow Agricultural academy)

Vyacheslav Lukomets, Acting Rector RGAU - ICCA Timiryazev Alexey Davydov, Strategic Milk Projects Director, Danone Russia Alexey Chernov, Executive Director, Association ASKOR

Larisa Chabykina head of HR Department of Agro-Industrial Group Dairy Product LLC
